# To Help Your Household Create a Customized Energy Plan

## My Energy Plan™

### Welcome!

Are you interested in reducing the energy you use to heat your home and power your appliances and other electrical gadgets? Do you want to shave a little (or a lot) off your energy bills and need some help getting started? Or maybe you're interested in getting a home energy audit and need to find a skilled professional auditor?

Whether you're just getting started or have made a lot of **energy efficiency improvements** already and are ready for **renewable energy**, our tools can help you and other New England households reduce your energy consumption and environmental impact. And save money in the process!

### Our Tools:

 <h4>Energy Project Connector™</h4> <p>Plug into money and local professionals to get your energy project done.</p>	 <h4>Green Homes Tourist™</h4> <p><i>Coming Winter 2011!</i> Take a tour of green homes near you.</p>
 <h4>New England Carbon Estimator™</h4> <p><i>Coming Summer 2010!</i> Simple ideas to reduce your energy consumption and map out your own energy plan. Check out our current <a href="#">Carbon Estimator</a>.</p>	 <h4>Home Energy Planner™</h4> <p><i>Coming Summer 2011!</i> Extend your energy plan with deeper reductions in energy usage.</p>

This website is a collaborative effort of the following organizations:

<http://myenergyplan.net>

# Find the people and incentives to get your project done!

The screenshot shows the 'Energy Project Connector' website. At the top, there is a navigation bar with five buttons: 'Your Information' (highlighted in orange), 'Review Contractors', 'Available Incentives', 'View Report', and 'Next Steps'. Below the navigation bar is a decorative orange and white swirl graphic.

**Energy Project Connector™**

**WELCOME TO THE ENERGY PROJECT CONNECTOR!**

This tool can help you locate contractors, installers, and vendors who provide energy efficiency and renewable energy products and services in and around New Hampshire. It can also help you identify federal, state, and utility incentives for reducing the costs of energy improvements. Please select the energy products, services, and systems that interest you. This information can be added to a customized report and printed or saved as desired.

**PLEASE NOTE: Businesses listed in this tool have not been vetted or validated for quality assurance purposes. No endorsement is implied, nor should one be inferred.**

**EFFICIENCY PRODUCTS**

- Appliances
- Lighting
- Air and/or Duct Sealing
