projects & teams.*

Clean Air-Cool Planet Announces:

Fourth Annual
Local Energy
Solutions
Conference
March 31, 2012

New Hampshire's premier conference dedicated to achieving local and municipal energy successes.

- ✓ Multi-track sessions, panel discussions and keynote address
- ✓ Project specific information: new resources and best practices
- ✓ Over 300 participants: local energy committee members, municipal/school staff and board members, businesses, legislators and community volunteers
- ✓ Sessions planned and conducted by New England climate and energy leaders

What past participants have said:

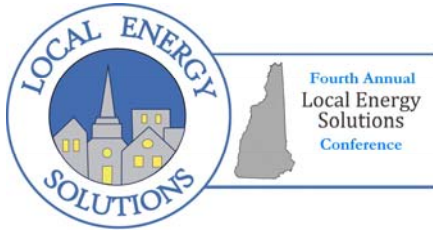

"This has been an amazing educational and energizing and empowering privilege for learning and networking."

"I attend a lot of energy conferences so I am a little jaded but this was one of the very best."

"The knowledge base presented here is the best I have heard & seen bar none!"

The turnout certainly was impressive!

"How wonderful it is that the utilities and the business community, local officials, and local advocates now have a way to work together toward common goals!"
